

**IMPROVEMENT PLAN
2015 - 2016**

FOR

MAUD SCHOOL

Aberdeenshire Council Education, Learning and Leisure Service

"Our vision is for an Aberdeenshire in which everyone is able to develop the skills and confidence needed for learning, life and work."

School's Vision Statement

Maud School – A place where everyone works together to be the best we can be.

At Maud School, our vision is the driving force behind all our improvement activity.

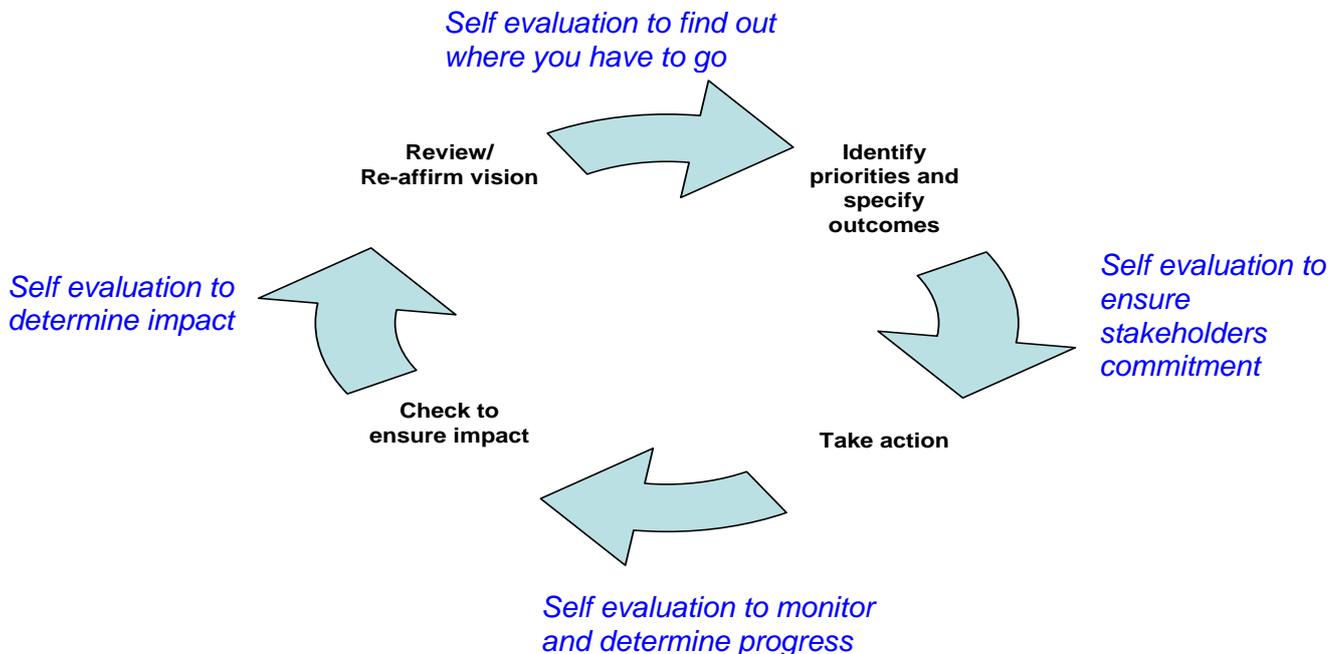

Education, Learning and Leisure Service's Quality Improvement Framework, is the overarching strategic management tool which directs and supports school improvement in establishments across Aberdeenshire. At the heart of the framework is the belief that self evaluation in each school drives improvement and all improvement is aimed at delivering positive outcomes for children and young people.

"Self evaluation is a reflective, professional process through which schools get to know themselves well...Improvement Planning builds on that self knowledge by involving us in understanding and valuing the best of that which already exists, deciding how good we can really be, and identifying the best way forward.

The Journey to Excellence Part 4: Planning for Excellence, HMLe, 2007

Self-evaluation is an on-going process and involves all stakeholders, including our pupils. It is reported annually to parents / carers in our Standards and Quality Report.

Education Learning and Leisure Improvement Cycle

The priorities for improvement contained in the Improvement Plan for 2015 – 16 reflect this process and the priorities identified locally and nationally.
